

# 10TH ANNUAL JA SUMMER INSTITUTE

JULY 31 - AUGUST 4, 2023

9AM - 3PM DAILY

LOCATION: MIT

## About Junior Achievement (JA) of Greater Boston

Together with our school, business, and community partners, JA of Greater Boston draws on its 70+ year history to prepare today's youth for the workforce of tomorrow. Through our proven, hands-on programs and experiences, middle and high school students learn how to manage their finances, launch their own businesses, make their college and career goals a reality, and become future leaders.

We engage volunteers from the business community who understand our students' lived experiences, and can guide them as they build their confidence, and important life and workplace skills. By focusing on communities most in need of opportunity, we're transforming students' lives, making a lasting impact on their families, schools, and communities, and creating a more equitable society.

## About JA Summer Institute

This summer, 40-60 high school students will join JA of Greater Boston in-person for 5 days for our 10th annual JA Summer Institute. During this program, students will engage in a series of interactive company-led workshops focused on learning the basics of personal finance, the stock market, the design thinking process, pitching a product, career exploration, interviewing skills, and more. Students will take what they've learned throughout the week and apply it to the culminating session, Speed Networking, where they will connect with business professionals from a variety of industries.
