Junior Achievement of Greater Boston’s (JA) annual Corporate Stock Market Challenge is back in-person for another fun, fast-paced evening. Trading as a team, your company has \$500,000 to invest in this technology-based simulation — the stakes are high and the competition is fierce. Enjoy cocktails, hors d’oeuvres, team building, and networking while at the same time, supporting JA’s mission to inspire and prepare young people to succeed in the global economy.

With your support 650 local students will receive five in-classroom lessons on how the stock market operates, how to invest and trade in real-time situations, and the importance of teamwork. With their experiences in this program, students will be prepared to experience all the rush and none of the risk of the stock market all while better preparing them for a self-sustaining future. 150 students will go on to compete in-person during the Student Stock Market Challenge” — and we invite you to be there.
